# VITAMIN C

Vitamin C, is certainly the best known and used food supplement. Vitamin C is implicated in the formation of collagen, essential protein which is responsible for the formation of connective tissues found in skin, cartilage, bones, teeth, muscles, blood vessels slowing their aging. It helps with the metabolism of lipids and proteins. Vitamin C helps to reinforces the Immune System. Vitamin C is normally obtained from the diet, in particular fruits and vegetables and varies widely depending on alimentary preferences, source and transformation. For these reasons a supplemental source of Vitamin C is indicated. Nutra-Strip Vitamin C Oral Strip is therefore an excellent and reliable supplement source of Vitamin C.
